603-536-4219

Your dog will think he has died and gone to heaven!

Every dog sleeps on his own elevated Kuranda® bed, topped with a soft cotton cover. The perfect respite after a day filled with nature hikes, swimming, playtime and snacks.

We offer two types of accommodations for dogs:

- **The Indoor/Outdoor Bunkhouse:** The ultimate camp experience! Each dog has their own private, fenced exercise area attached to their heated or cooled sleeping quarters via a free-access dog door. The dog has total freedom to go in and out whenever he chooses. Did we mention the exercise area is roofed to keep out the elements?

- **The In-Home Apartment:** A perfect place for the small, elderly or nervous pet. Each dog has his own cozy Vari-Kennel apartment with a soft, cotton bed. As the name suggests; these dogs are housed on the first level of our home. New Hampshire Public Radio plays 24/7 for the enjoyment of your dog.

We love cats at Ebony Kennel! Two and three level cat “villas” allow ample space for climbing and exercise. Our cat room is heated and air conditioned.

New Hampshire Public Radio plays 24/7 for the enjoyment of our more intellectual felines tenants.

Each cat has their own Kitty Tent with a soft sheepskin pad inside upon which to curl up and sleep.

Optional scratching pads are available, too.

During the warm summer months, your cat will enjoy time in our outdoor, screened cat room.

Premium California Natural cat food is served nightly.
